Leadership Institute of the Virginia Peninsula was established in 1984.

The program was renamed as LEAD Peninsula in 2012.

The program celebrates its 40th anniversary in 2024.
LEAD Peninsula is a community and civic immersion program, which offers a comprehensive, behind-the-scenes look at the components that make the Peninsula run efficiently and effectively and prosper economically. LEAD Peninsula also fosters opportunities for increased communication and cooperation among the private, public, and nonprofit sectors.

Since 1984, LEAD Peninsula has been introducing its class members to the major facets of the greater Peninsula community through an intensive ten-month program. The LEAD Peninsula members participate in educational sessions, tours, and candid conversations with community leaders. The goal is to provide intellectual and personal connectivity experiences with the various aspects of our community – business, education, environment, health, history, hospitality, human services, infrastructure (water/sewer), local, state and federal government, military and federal impact, public safety, tourism, transportation, workforce development, etc.

LEAD Peninsula is not technically a leadership development program, but it is a tool in developing future leaders on the Peninsula and for your business/organization. Participation in this influential program is a win-win-win, good for the Peninsula, good for the Chamber as an influential voice of the Peninsula business community and good for your organization.

PLEASE CONSIDER SIGNING ON AS A LEAD PENINSULA SPONSOR.
